**Subject:** Hayes Back To Uganda

Two weeks from today (DV), I plan to return to Uganda. Larry Morris will join me on the trip. Below is a brief outline of what we plan to be doing:

- **First week**
  - Preach and share at the church plant at Seeta Nazigo (Mukono District)
  - Take part in a Youth Conference at Kiyoola church plant, also Mukono District
  - Conduct Sunday School and preach at both churches on Sunday.
- **Second week**
  - I will conduct a week long teaching seminar (see attached tentative schedule) each day. The purpose is basic discipleship and is intended for leaders in the local church. Since this is a new opportunity for me, things may change as we move through this
  - Larry will be at the Eye Clinic at Mengo Hospital helping the folks there master some of the equipment Dr. Bonner has secured for them
- **Third Week**
  - We will both return to Kyamagemule (Mityanna District) to aid and encourage the church plants there and at Nyanzi and to update the child sponsorship program there. We still have several children needing sponsors (\$150 per year).

Updates will be email and also posted online.
