

Uganda Team Update
Tuesday, March 8

We are on our way to Uganda, a trip we began last November us is now actually happening. Fred and I fly from Atlanta to Amsterdam over night and then in the morning from Amsterdam to Uganda. The our schedule is really tight.

- Thursday to Kyamagemule up through Sunday, we will be doing evangelism, teaching, rain water projects, and a medical clinic. We will travel to Nyanzi on Saturday for a whole day of projects and the medical clinic. On Sunday we will lead worship at both Kyamagemule and Nyanzi before returning to our guest house Sunday evening
- On Monday, we will travel to Seeta Nazigo for three days of ministry as above
- The on Thursday we ill travel to Kiroba and repeat the same ministry and then return to the guest house. Fred will fly out Monday night and I will leave Wednesday night.

We are grateful to so many of you who have made this trip possible, we have lots of children's clothes and other items to help poor rural families.

Also, I want to thank those of you who save aluminum cans that we recycle and convert into funds to help orphans. It is not uncommon for Betsy and me to drive up to our house and find a garbage back of cans sitting inside the fence. If you are throwing away and electrical items, after you unplug it, cut the cord off as that is copper and it recycles as well.

Finally, if anyone has an old fashioned fax machine you no longer use, we do have a need for one.

Remember to pray for us as you go to bed at night as the next day is beginning in Uganda.
